OCEAN GROVE CUP CARNIVAL 1998

A day at the beach...a day at the races!

OFFICIAL RACE BOOK & CARNIVAL GUIDE

PRESENTED BY THE APEX CLUB OF OCEAN GROVE

Schweppes.
Welcome to the 1998 Schweppes Ocean Grove Cup.

Following on from a successful 1997 event the Ocean Grove Cup Carnival is continuing to grow in popularity. A truly unique event that showcases the magnificent Bellarine Peninsula and brings together service clubs, charities, sporting clubs, local business and all sorts of individuals in the planning, management and hosting of this wonderful carnival.

The Apex Club of Ocean Grove as the organisers of the carnival and the Barwon Coast Committee of Management in their aim to balance the expectations of the community in terms of recreational needs and environment protection are to be congratulated on the way this event has been conducted.

To the hard working individuals that have attended cup meetings every 2 or 3 weeks for the duration of the year, to the surf club (crowd control) the fire brigade (set up) the SES (traffic management and emergency planning), Howard Culph (race consultant) the festival committee that organised all the wonderful activities associated with the carnival, the community of Ocean Grove and all the many individuals that helped - thank you.

To our Principal sponsor Schweppes and major sponsors, Pura Milk, Wycombe, The Barwon Heads Hotel, Thomas Cook, Geelong Otway Tourism, Bay FM, Guyett Real Estate and the many others mentioned throughout this book - your financial support is greatly appreciated.

We welcome an international flavour to this year's event in two riders both competing in the Arabian race, Nathalia Mulder and Loretta Beckman who have extended their Australian visit to compete in our event, WELCOME to Ocean Grove.

Just for the record these ladies have over 700 professional race rides between them in Europe and I'm told Loretta was the number 1 rider in Holland and Belgium for the 96/97 season.

Look forward to a magnificent day and please observe safety on the beach and respect the environmentally sensitive sand dunes by keeping out of those areas.

F.A. Rovere
Sponsorship and Entrant Co-ordinator.

**What is Apex?**

Apex is a young men’s service organisation for 18 to 40 year olds (soon to become 45). Apex was founded in Geelong during the Great Depression and has since grown into a national organisation with thousands of members throughout the country and internationally. The first ideal of the association is to make the ideal of service the basis of all enterprise.

Apex was established in Ocean Grove in 1970 with 22 charter members and has been serving the community ever since, as well as developing the skills of members in areas such as public speaking, meeting procedures, social interaction and personal development and employment. New members are always welcome.

---

**Welcome from the Barwon Coast Committee of Management**

I am delighted to formally welcome visitors and residents who have returned to RAAF’s Beach, Ocean Grove for this annual event.

Congratulations to the Apex Club of Ocean Grove for their initiative in establishing this unique event and for their continued work and development of the attraction. The event now has the support and involvement of a number of community groups and with the ongoing support of the community and visitors to the area and has a bright future.

The committee aims to balance the expectations of the community in terms of recreational needs and environment protection. We request everyone involved with the event to observe safety on the beach and respect the environmentally sensitive sand dunes by keeping of those areas.

Best wishes to competitors and spectators for a most satisfying and enjoyable experience at the Ocean Grove Cup in 1998.

Laurie Curran, Chairman

At Ocean Grove Home Hardware

You’ll Never Look Off Colour Again!

Because at Ocean Grove Home Hardware we have installed the latest in colour matching technology, The Wattyl Computer Colour Matching System.

Simply bring in any colour sample you want to match, such as a fabric swatch, a flake of old paint or even a tile or laminate and our system will take an accurate colour reading. This reading will provide us with the tint information so we can provide you with any of our range of Home Premium Quality Paints or Wattyl Premium paints matched to your colour.

We can even keep your colour on file for future requirements.
